INTRODUCTION

WHAT RESOURCES DO FACULTY NEED WHEN THEY GET TO PURDUE?

We interviewed three faculty who have been at Purdue less than a year to get input from them. We asked the following questions:

1. In regards to the information or training you received related to sponsored funding, what did you find helpful when you started working at Purdue?
2. As you began to navigate the process of applying for and managing sponsored funding at Purdue, what things gave you challenges?
3. What did you think you needed vs. what did you get?
