

How do I delete my contact data?

- A. Choose **Address Data** from the menu bar
- 1. Only delete outdated contact data, never delete current data
- 2. Click on **Edit** to access Contact Data fields

- 2. Under Contact Data
 - a) Click in the delete field opposite the data you wish to delete
 - b) The field will auto populate with a check mark
 - c) Click **Save**

- 3. Confirmation message **The changes to your data have been saved**
 - a) Click **Back** to return to address data

- 4. The data will no longer show under the Address Data once it has been deleted
