

Dear Donor,

I would like to thank you so much for your support of the Beering Scholarship. I am truly honored to have been awarded this scholarship and grateful for your generosity. Receiving this award has relieved my parents and me of the financial burden of attending college and made me easily choose Purdue over schools. My father and many other relatives also attended Purdue and I am excited to be going to their alma mater.

I am from Fishers, Indiana and graduated from Hamilton Southeastern High School. At Purdue, I will be studying chemical engineering and minoring in German. I also hope to become involved with student government and academic teams. In addition, I will be participating in the University Honors Program and the Engineering Honors Learning Community. While I am not yet sure what I plan to do with my future degree, I am very excited to soon be at Purdue University. Again, thank you for your generous support for Purdue students.

Sincerely,

Sawyer Morgan
