   - Innovation and impact of research on breast cancer incidence or survival

4. Biosketches (NIH style)

5. Current and pending support for each participant. Please make clear why this funding is needed in addition to funds currently available to the PI, especially if there is currently active funding from the WGHI and/or the Catherine Peachey Fund.

6. Budget Justification

7. If the proposal has been reviewed by NIH or other funding agencies, please include the review comments, which will help to facilitate our review process.

8. Please submit your proposal as a single PDF file.

**Review Criteria**

- Research approach and rigor
- Innovation and impact
- High potential for external funding
- Reasonable probability of achieving research goals

**Reporting Requirements for Awardees:**

- At the time of award, provide all the WGHI required investigator/study information
- Acknowledge the Women’s Global Health Institute and the Catherine Peachey Fund in all presentations/publications that benefitted from this award.
- Periodically during the award, as required by the WGHI Internal Steering Committee, and at end of the award provide a report containing the following information:
  - Metrics progress statement
  - Statement of obstacles
  - Publications, grants submitted and/or funded that based on data generated by this award
- Meet with the WGHI Internal Steering Committee (ISC) to discuss project progress and research goals.
- For up to 5 years after the completion of the award and as requested by the WGHI and the Catherine Peachey Fund provide publications, citations, and information about grants submitted and/or funded that used data generated by this award.

Proposals will be reviewed and ranked by the WGHI review committee followed by a final selection by the Catherine Peachey Fund. An online application system will be available through the WGHI website ([http://www.purdue.edu/dp/wghi](http://www.purdue.edu/dp/wghi)). For questions regarding the grant or the application process, please contact Luanne Bermel (lmi@purdue.edu, 496-9316).
