Building Emergency Plan

Purdue University requires a Building Emergency Plan (BEP) to be completed, and updated as needed for on campus buildings occupied by ten or more people. Building Deputies and/or BEP Developers will complete these plans in conjunction with building specific safety committees. These plans will include basic information as specified in the BEP Template. The template is designed to provide building occupants general emergency response recommendations. The BEPs also include building specific procedures by detailing specific information about the building. Our BEP's responsive design allows users easy access from a Desktop, Laptop, or Mobile Device.

Finding Your Building Emergency Plan:

- For on-campus buildings: [BEP List](#)
 - If your building is not listed please contact your [Building Deputy](#), designated BEP Developer, or our office for assistance.
- For Non University Owned Buildings (*maintained locally, not included in online BEP list*):
 - [NUOB](#): Non University Owned Buildings BEP Template
 - [CAV](#): Connected and Autonomous Vehicles BEP
 - [Cumberland Observatory](#): 600 Cumberland Blvd. West Lafayette
 - [KPTC](#): Kurz Purdue Technology Center, 1281 Win Hentschel Blvd. West Lafayette
 - BEP Developer: Jon Biggs, jdbiggs@purdue.edu
 - [Ross Reserve \(Biology Center\)](#): 451 S 875 W West Lafayette, IN 47906
 - [ROSS](#): Ross Enterprise Center, 1801 Kalberer Road West Lafayette
 - BEP Developer: Dani Poe, dspoe@purdue.edu
- For off-campus farms, forests, and ag centers (*maintained locally, not included in online BEP list*):
 - [ICSC](#): Indiana Corn & Soybean Innovation Center
 - [BECK](#): Beck Agricultural Center
- For Purdue Polytechnic Institute Sites (*maintained locally, not included in online BEP list*):
 - [PPI-T](#): Purdue Polytechnic Institute BEP Template
 - [PPI-A](#): Purdue Polytechnic Institute Anderson BEP (*under construction*)

Building Emergency Plan Development Resources:

- [BEP Developer's Portal](#) for Building Deputies and/or BEP Developer's access to the Cascade Server for edits and updates to their BEP.
 - [\[NEW\] Cascade Basics and Video tutorials \[here\]](#).
 - **Note:** If you currently use Cascade or if you've never used Cascade, please contact Jefferson Howells jfhowells@purdue.edu to request access.
- **Quick Reference Guides:**
