

# Bridging Horizons

Community Service Contest

The **Bridging Horizons challenge** is for groups to complete projects in their communities that enhance quality of life for people with disabilities. Possible projects include building a wheelchair access ramp, modifying a piece of farm equipment to accommodate a disability, or improving the accessibility of your county fairgrounds.

Both youth and adult service organizations are eligible, such as FFA Chapters, 4-H Clubs, Jr. Leaders, Boy Scouts/Girl Scouts, Young Farmers, Rotary, Kiwanis, Lions, volunteer fire departments, church groups and others.

More project ideas and contest details are available on the back.

Construct decks and wheelchair ramps to help someone achieve greater independence

Make a nature trail accessible by building a bridge, ramp, or deck
