Do you have a pond or lake? Are you having problems or maybe you have a question. If so, join us for a Pond Clinic on Tuesday, April 23 to learn about pond weeds, water quality, fish species, stocking rates, pond/lake maintenance, and other tips from Dave Osborne, Purdue Extension. You will have an opportunity to ask questions and get answers that evening.

Aquatic Control will also have an electrofishing presentation.

If you have pond weeds you would like identified bring a sample for identification and recommendations for removal.
