Timber can offer a great opportunity to support our retirement and create a nest egg for other needs. However, the world of timber management can be difficult to understand for the most experienced managers. Join us for an evening of financial management and tax information provided by Purdue Extension and Lenny Farlee, Purdue Forestry extension specialist. There is no cost to attend, but we are asking you to RSVP by December 17th. Please let us know if you need any special accommodations. Purdue University is an equal opportunity/equal access/affirmative action institution.
