Overview

At Caterpillar, you build what matters—whether it's the career you want, crucial work skills, strong relationships or new digital technologies. There are big jobs to be done worldwide—building critical infrastructure, bolstering local economies, meeting the demand for energy—and that work is powered by our people.

Since 1925, we've been driving sustainable progress and helping customers build a better world through innovative products and services. With 2020 sales and revenues of \$41.7 billion, Caterpillar Inc. is the world's leading manufacturer of construction and mining equipment, diesel and natural gas engines, industrial gas turbines, and diesel-electric locomotives.

DESCRIPTION

At Caterpillar, our interns do meaningful work that impacts lives across the globe starting from day one. However, the learning doesn't stop there: we provide helpful training, reliable mentors, growth opportunities and a work-life balance you'd expect from a Fortune 100 company.

We hire smart, friendly people and it shows in our culture. You'll feel continuously challenged and supported while you work to bring our values of integrity, excellence, teamwork, commitment and sustainability come to life by using them to help our customers around the world.

The summer internship runs May 16 through August 5, 2022 . Interns are expected to work 40 hours per week during the 12-week program.

Applicants will be considered for both virtual/remote and on-site work at participating facilities throughout the U.S. (assignment is based on specific job role requirements).
