

Crisis Management Plan

Be Prepared

Know your chain of command in your organization. A member of your organization who is capable of dealing with emergencies should **always** be available to handle a situation even if the President is not available.

What should you do when an incident occurs:

1. Call 911
2. If a tragedy has occurred within your house, close the house at once. If there is a fire get **everyone** out.
3. Designate a member to meet emergency personnel at the door and take them to the scene.
4. Never move a person unless there is an immediate threat to their safety.
5. Call the Office of the Dean of Students On Call Phone- 765-404-7571
6. Call your advisor: _____
7. For fraternities and sororities call your inter/national headquarters:

8. Call an emergency meeting and bring your whole organization together.
