SPACE PLANNING

Select Experience

- Carnegie Mellon University
- Duke University
- Emory University
- Georgetown University
- Harvard Medical School
- Johns Hopkins University & Medical Campus
- NC State University
- Ohio State University
- Oklahoma State University
- University of Arizona
- University of Maryland
- University of North Carolina
- University of Notre Dame
- University of Pittsburgh
- University of Virginia
- Virginia Commonwealth University
- Washington University in St. Louis
- Wake Forest University
SPACE PLANNING

PROJECT SCOPE

Develop a plan that will guide HHS leaders as they make decisions about how, when, and where to re-allocate current space, renovate substandard facilities, and construct new buildings.

- **Document existing space** quantity, location, and condition as a baseline for the program needs and recommendations
- **Identify critical instructional, office, and research needs** associated with program development, including space requirements, anticipating growth in each area of emphasis
- **Comparisons to peer institutions** for Nursing and Health and Kinesiology – benchmarking is a high level comparative analysis that may inform our approach to specific program elements or cross-disciplinary strategies between programs
- **Develop scenarios** and a final recommendation that address future HHS needs and recommend combinations of renovation and new construction based on the outcome of the space needs assessment
- **Create a ten-year plan** for HHS that serves as a “roadmap” for decision making and future capital investments
HHS MASTER PLAN COMMITTEES

Steering Committee

Engaged during every workshop & bi-weekly project calls

ROLE
Guide the plan and serve as decision makers for recommendations and priorities

MEMBERS
- HHS Dean
- Associate Deans
- Director of Financial Affairs
- Chief Development Officer

Advisory Group

Engaged during every workshop

ROLE
Provide input, review material, and inform / evaluate recommendations

UNIT HEADS FROM
- Consumer Science
- Health and Kinesiology
- Health Sciences
- Hospitality & Tourism Management
- Human Development & Family Studies
- Nursing
- Nutrition Science
- Psychological Sciences
- Speech, Language & Hearing

REPRESENTATIVE FROM
- Public Health
- Extension Program
- Student Services

Stakeholders

Engaged during programming interviews and town halls

ROLE
Provide information to the planning team, provide feedback on recommendations

MEMBERS
- Consumer Science
- Health and Kinesiology
- Health Sciences
- Hospitality & Tourism Management
- Human Development & Family Studies
- Nursing
- Nutrition Science
- Psychological Sciences
- Speech, Language & Hearing
- Director of Public Health
- Extension Program
- Student Services
- Student Ambassadors
- Faculty Group
JANE S. LINK OUTSTANDING TEACHING

Julia Chester (PSY)
