We are seeking students who meet the following criteria:
- Currently enrolled in Bachelor’s program
- Minimum GPA: Cumulative 2.8/Major 3.0
- A track record of outstanding academic performance
- Eagerness to contribute in a team-oriented environment
- Ability to work creatively and analytically in a problem-solving environment
- Excellent leadership, communication (written and verbal) and interpersonal skills

Majors include:
- Radiological Health Sciences

Positions are based in:
- Chicago IL and surrounding suburbs
- Braceville, IL
- Byron, IL
- Clinton, IL
- Cordova, IL
- Marseilles, IL
- Morris, IL
Exelon is made up of a family of operating companies

**Exelon Business Services**
Exelon Business Services Company (BSC) provides best-in-class professional services and adds exceptional value to Exelon’s family of companies. Exelon BSC helps to provide financial, human resource, legal, information technology, supply management, communications and corporate governance services across the organization.

**Energy Generation**
Exelon Generation operates the largest fleet of nuclear plants in the nation and the third largest in the world. Exelon Generation is also one of the nation’s leading competitive power generators, with owned generating assets totaling more than 32,700 megawatts. With strong positions in the Midwest, Mid-Atlantic, Texas and California, a diverse generating portfolio enables the company to be competitive in the deregulated power market.

**Competitive Energy Sales**
Constellation is a leading competitive retail and wholesale supplier of power, natural gas and energy products and services for homes and business across the continental United States with more than 2 million customers and more than 350 MW of distributed energy assets in operation or under development.

**Energy Transmission & Delivery**
Exelon owns six operating utilities in Delaware, the District of Columbia, Illinois, Maryland, New Jersey, and Pennsylvania. Each utility engages in the generation, transmission and distribution of electricity to power customer’s homes.

- **Atlantic City Electric** supplies and delivers electric service across 2,700 square miles to more than 547,000 customers in southern New Jersey.
- **Delmarva Power** is responsible for delivering electric service to more than 510,000 customers throughout Delaware and along the Eastern Shore of Maryland, and natural gas to 130,000 customers in northern Delaware.
- **Headquartered in Chicago, ComEd is one of the largest electric utility companies in the nation, responsible for delivering safe and reliable power to 3.8 million homes and businesses across northern Illinois.
- **Headquartered in Baltimore, BGE is Maryland’s largest gas and electric utility and provides service to nearly 1.25 million electric customers and more than 650,000 natural gas customers.
- **PECO is the largest electric and natural gas utility in Pennsylvania and serves more than 1.6 million electric customers and about 506,000 natural gas customers.
- **Headquartered in Washington, D.C., Pepco delivers safe, reliable electric service to more than 842,000 customers throughout Maryland and the District of Columbia.**

Inventing the Future at Exelon

At Exelon, people do important work, and with a company that values inclusion, diversity and professional development. Employees are empowered to grow Exelon jobs into Exelon careers. We’re open to fresh ideas, diverse points of view - and we believe that’s why we succeed.

www.exeloncorp.com/careers
Who we are and what we do...

At Exelon, we believe that reliable, clean and affordable energy is essential to a brighter, more sustainable future. That’s why we’re committed to providing innovation, best-in-class performance and thought leadership to help drive progress for our customers and communities.

Internships

Our 10-week summer intern program gives students the opportunity to apply their academic knowledge to real business problems, develop skills on the job, learn about career opportunities, and build a professional network. Many of our interns go on to receive full-time job offers!

Career awareness programs

Exelon is committed to working within our communities to engage the future leaders of our company. We are focused on initiatives that provide K-12 students an early exposure to STEM disciplines and increased awareness of career opportunities within the energy industry.

Diversity and disability outreach programs

Diversity and inclusion is one key to our success. Companies have stronger collaboration and achieve better business performance from diverse groups of employees. In the crucial skill sets of problem solving, conflict resolution, vetting ideas and creativity, diversity always wins. We participate in a number of conferences and career fairs that promote diversity, including:

- Black Engineer of the Year Awards (BEYA)
- National Association of Black Accountants (NABA)
- National Association of Women in Construction (NAWIC)
- Society of Women Engineers (SWE)
- Society of Hispanic Professional Engineers (SHPE)
- Out for Work National LGBTQ & Ally Conference (OFW)
- Think Beyond the Label
- Career Opportunities for Students with Disabilities (COSD)

Military and veterans initiatives

Exelon participates in a variety of military initiatives to showcase our many career opportunities. Veterans are highly pursued as a source of talent and make up nearly 10% of our total workforce. We value their leadership, teamwork, integrity, and commitment to excellence. Visit our website for a list of upcoming military recruiting events. Past events have included:

- Veteran Recruiting (VR) and Women Veterans (WV) Virtual Career Fairs
- RecruitingMilitary Veteran Hiring Fairs
- Workshops for veterans, veteran networking events, and partnerships with Transition Assistance Offices to help veterans make a smooth transition to a civilian career
- Wounded Warriors

Community fellowship

Powering our communities is just the beginning. Exelon considers it our responsibility to improve the quality of life for people in the communities where we live, work and serve. We focus our corporate giving in four areas - education, the environment, arts and culture, and neighborhood development. Some of these programs include:

- Chicago’s Polar Plunge
- Partnering with Habitat for Humanity International
- Partnering with United Way in creating programs to provide out-of-school guidance for at-risk youths
- Sponsorships at local art, entertainment and cultural centers
- Exelon’s National Volunteer Week

Environmental commitment

Exelon protects our shared natural environment through conservation and sustainable practices. We work to reduce our impact on wildlife and enhance natural habitats. We conserve energy within our own operations. We also help customers use less energy and save money with tools that allow them to make smart choices.

- Smart Meters and Home Energy Efficiency Programs
- In 2016, Exelon was named to CDP’s S&P 500 Climate Disclosure Leadership Index, marking the sixth time Carbon Disclosure Project has recognized Exelon in this category. Exelon earned a perfect score of 100, which demonstrates a high level of transparency and data quality in climate change disclosure.
- Exelon ranked in the top five among utilities, and No. 38 out of the 500 largest publicly traded U.S. companies.
