Health and Safety Specialist - IH Focus – Rochester, NY
Arconic Fastening Systems and Rings

Arconic’s (formerly Alcoa) has an immediate opening for a Health and Safety Specialist with an Industrial Hygiene Focus. The position resides at our Rochester, NY location. Our passionate commitment to EHS provides the successful candidate with an excellent environment in which to work and the leadership commitment and support to deliver results. This position is a key member of the EHS leadership team and is a highly visible position in the Arconic Fastening Systems and Rings (AFSR) Business Unit.

Arconic Fastening Systems and Rings (AFSR) serves the global aerospace, automotive, and commercial transportation markets with the most specialized engineering, highest quality, and the greatest breadth and depth of fastening system solutions and seamless rolled rings in our industry. Headquartered in Torrance, CA; AFSR employs 7,900 people in 13 countries at 39 locations. AFSR is a business unit of Arconic. (NYSE:ARNC)

Essential Job Functions:

- Lead all aspects of the facility’s health and industrial hygiene programs including the development and execution of IH sampling plans, the administration of IH databases and employee exposure records, oversight of ergonomics, respiratory protection, hearing conservation, hazard communication, and radiation protection programs.
- Assist in the development and execution of strategic and tactical EHS plans for the reduction of employee unacceptable chemical and noise exposures.
- Serve as a resource for the location’s industrial ventilation leader to ensure IH exposure levels are maintained.
- Work closely with and support the onsite medical services department.
- Coach and counsel location leaders to assist them in the execution of their EHS accountabilities.

Minimum Qualifications:

- Bachelor’s Degree from an accredited Institution in EHS, Occupational Safety, Industrial Health and Safety, Biology, Chemistry, Engineering, or Public Health.
- Minimum 3 years of experience implementing and managing Health & Safety programs
- Employees must be legally authorized to work in the United States. Verification of employment eligibility will be required at the time of hire. Visa sponsorship is not available for this position.
- This position is subject to the International Traffic in Arms Regulations (ITAR) which requires U.S. person status. ITAR defines U.S. person as an U.S. Citizen, U.S. Permanent Resident (i.e. ‘Green Card Holder’), Political Asylee, or Refugee.

Preferred Qualifications:

- 5+ years of EHS experience in an industrial manufacturing environment.
- Experience with Industrial Hygiene requirements, monitoring, and measurements.
- Experience with ergonomic assessments and program implementation.
- Certified Industrial Hygienist (CIH) preferred but not required.

Other Details: Relocation assistance is provided. Expected travel is less than 5%.
