Avanelle Kirksey, Meredith Distinguished Professor Emerita, bridged the gap from basic mechanistic science to a better understanding of the relation of diet to human behavior and cognition. In addition to her demanding research program, she is an inspiring role model for students. In 1985, Dr. Kirksey became the second female distinguished professor on the Purdue University campus. In 1997, she received an honorary doctorate from Purdue.
Avanelle Kirksey Lecture Series
Dr. Avanelle Kirksey, a valued faculty member of the Department of Nutrition Science 1961-1994, left a legacy at Purdue University. Her groundbreaking research, valued teaching, and community outreach efforts are honored with this lecture series.

Purdue University Department of Nutrition Science presents:

“Future of Dietary Guidance - Conception to Chronic Disease Prevention”
Friday, March 4, 2016 • 10:30 a.m. • Fowler Hall, Stewart Center

Immediately following the seminar there will be a light lunch reception in the John Purdue Room in Marriott Hall.

Please phone reservation by February 26. Call 765-494-8231 or Health and Human Sciences Development Office at 1-800-535-7303 to respond or for more information. Seating is Limited.

DENNIS M. BIER, Ph.D., Professor of Pediatrics, Director of the USDA/ARS Children's Nutrition Research Center

Dr. Dennis M. Bier, is Professor of Pediatrics and Director of the USDA/ARS Children’s Nutrition Research Center, and was formerly Program Director of the NIH General Clinical Research Center at Baylor College of Medicine. He is a Fellow of the American Association for the Advancement of Science, a Fellow of the American Society for Nutrition, and a member of the National Academies of Sciences, Engineering, and Medicine (Institute of Medicine). Former Chairman of the Institute of Medicine Food and Nutrition Board.

Dr. Bier serves as Editor-in-Chief of The American Journal of Clinical Nutrition and was a former Associate Editor of the Annual Review of Nutrition and a former Editor-in-Chief of Pediatric Research. Previously, Dr. Bier was President of the American Society for Nutrition (with Dr. Naomi Fukagawa), the American Society for Nutritional Sciences, the American Society of Clinical Nutrition, and the NIH General Clinical Research Centers Programs Directors Association. He has also been Councilor of the American Pediatric Society, Chairman of the NIH Nutrition Study Section, Chairman of the NIH General Clinical Research Centers Committee and a member of the FDA Pediatric Advisory Committee and the FDA Food Advisory Committee.

Dr. Bier has authored more than 270 scientific publications and, for his research work, he has received the Nutrition Award from the American Academy of Pediatrics, the E.V. McCollum Award from the American Institute of Nutrition, the David Kritchevsky Career Achievement Award from the American Society for Nutrition, The Rhoads Lecture Award from the American Society for Parenteral and Enteral Nutrition, the Grace A. Goldsmith Award from the American College of Nutrition, and the General Clinical Research Centers Award for Excellence in Clinical Research from the NIH.

This lecture is made possible through the generous support of the Nestle Infant Nutrition and Gerber Brand and the endowment supported by Abbott Nutrition, Abbott Laboratories and alumni and friends of Dr. Avanelle Kirksey.
