EDUCATION	2011-2012	Postdoctoral Research Associate, University of Illinois Urbana-Champaign – working under <i>Ed Diener</i> and <i>Martin Seligman</i> (PI): Exploring the Concept of Positive Health, Robert Wood Johnson Foundation
	2006-2011	Ph.D., University of Illinois Urbana-Champaign, Organizational Psychology – advisor <i>Fritz Drasgow</i>
	2005	Honors <i>First Class</i> , University of Melbourne, Australia, Psychology
	2001-2004	B.A. <i>Merit</i> , National University of Singapore, Psychology
PROFESSIONAL EXPERIENCE	Aug 2015-2020-	Founder & President of ExpiWell, Inc.
	2020-	William C. Byham Chair in Industrial-Organizational Psychology
	2019-	Provost Fellow, Purdue University <i>Overseeing Research and Assessments on Student Well-Being and Resilience for Steps to Leaps</i>
	2018-	Associate Professor, Department of Psychological Sciences, Purdue University
	2013-2018	Assistant Professor, Department of Psychological Sciences, Purdue University
	2012	Research Fellow, Behavioural Sciences Institute, Singapore Management University – working under <i>David Chan</i>

RESEARCH OVERVIEW

As an I-O psychologist embedded within the broader field of psychology, my goal is to programmatically pursue cross-disciplinary lines of inquiry in *methodology* (i.e., measurement, continuum specification, latent class modeling, big data / data science) and *well-being* (i.e., societal well-being, wellness programs, work-leisure [e.g., arts/humanities activities] interface). My goal is to contribute more broadly beyond I-O psychology to enhance measurement/methodology research for psychology and develop science-based well-being policies at organizational and societal levels.

Well-Being. How do we conceptualize well-being -- and how can we improve the well-being of societies, organizations, and individuals? This question is of increasing concern to academics from many fields and policy makers. I seek to delineate the social, economic, and political determinants of well-being at both the micro- and macro-level with an eye toward public policy. I am interested in both modern conceptions of well-being and classical notions of well-being such as character and interests. Much of my research is currently based on psychological theories that I am seeking to integrate with other fields such as business, economics, and sociology.

Methodology. Another question that drives my research is: how can we accurately quantify constructs of interest in individuals, organizations, and societies? At a more basic level, I seek to advance measurement of key psychological domains (e.g., taxonomies of character, psychological situations, and vocational interests) and also measurement models that impact construct validation techniques. I am also interested in Big Data / data science approaches. To this end, I have also developed software platforms for new modes of data collection through mobile technology (www.expiwell.com) used by researchers and academics around the world.

My research has been published in journals such as *Nature Human Behavior*, *Nature Communications*, *Psychological Bulletin*, *Perspectives on Psychological Science*, *Journal of Personality and Social Psychology*, *Psychological Science*, *Journal of Personality*, *Emotion Review*, *Journal of Applied Psychology*, *Personnel Psychology*, *Organizational Research Methods*, and *Annual Review of Organizational Psychology and Organizational Behavior*.

HONORS AND AWARDS

- Society for Personality and Social Psychology (SPSP) Sage Young Scholars Award (2019)
- Early Career Research Award from Health and Human Sciences College Purdue University (2018)
- Ruut Veenhoven Award from the Erasmus Happiness Economics Research Organization (2016)
- Academy of Management (AOM) Sage Publications/RMD/CARMA Early Career Achievement Award (2016)
- Association for Psychological Science (APS) Rising Star Award (2015)
- Inaugural recipient of the William H. Hendrix Industrial Psychology Excellence Award (2015)
- Entrepreneurial Leadership Academy Fellow (2014-2015) – Burton D. Morgan Center for Entrepreneurship, Purdue University
- College Board Research Fellowship (2009-2010)
- Nancy Hirschberg Memorial Award for Outstanding Research (2009-2010) - Department of Psychology, University of Illinois
