

In Memoriam

Dick Jeanneret (1940 - 2021)

We are all saddened to learn of the loss of Dick Jeanneret, one of our distinguished PAGESIP members. Dr. Jeanneret completed his Ph.D. under the direction of Dr. Ernie McCormick (Mac) in 1969.

He worked closely with Dr. McCormick in the development of the Position Analysis Questionnaire and they later established PAQ Services along with Bob Mecham (PhD 1970), another PAGESIP member. Later, Dr. Jeanneret started his own consulting firm, Jeanneret and Associates. Dr. Jeanneret is well known for his work in job analysis, the O*NET, and individual assessment. He

was a SIOP Fellow and was further honored as the recipient of the 1990 Distinguished Professional Contributions Award.

He has been a strong supporter of the Purdue I-O program and was a member of our 80th Anniversary alumni advisory committee. We are very proud to have Dr. Jeanneret as our esteemed alumnus and grateful for his contributions to the field of I-O Psychology as well as to the Purdue I-O program.
