

Everyone,

Please join me in congratulating our colleagues on significant professional milestones, following approval by the Purdue Board of Trustees, and effective August 10, 2020:

- Bridgette L. Kelleher will be Associate Professor of Psychological Sciences, with tenure
- Julia A. Chester will be Full Professor of Psychological Sciences

These promotions recognize their hard work and successes across all of our missions, and we are stronger as a unit—and a College, a University, and a field!—for their contributions.

Well. Done.

DR
