

FALL 2022
PSY 39000 Research Opportunity
Arriaga Relationships and Close Connections Lab (ARCC)

Faculty member

Dr. Ximena Arriaga (faculty member)

Description of research area

This lab pursues research on romantic involvements, with an emphasis on conditions that affect security in relationships.

Description of undergraduate participation

Research assistants participate in lab discussions of published research and relevant topics. Tasks also include data management and providing observational ratings of couple interactions.

*Lab meetings will be held on **Fridays, 2:30 – 3:30pm**. Attendance is required.*

Research Setting

Lab meetings will be held in person and, on occasion, virtually via zoom. Lab tasks can be done on campus or from a remote location.

Contact Information

For more information contact Dr. Arriaga for an application, Arriaga@purdue.edu.

Additional Information

Students who are interested in learning about research are encouraged to apply. Special consideration will be given to rising sophomores and juniors who have excellent social skills and a strong academic record.
