

Good Afternoon,

I am with Casa de Esperanza, a non-profit in Houston, Texas. Casa de Esperanza provides residential care to children birth through six who are in crisis due to abuse, neglect, or the effects of HIV. Care is provided in our neighborhood by our Hands of Hope interns. Our interns, most of whom are recent college graduates, join us for a year of service (a twelve-month full-time post-graduation internship). We provide on-site housing (interns live with the children they are caring for) and interns join us from all over the United States to be part of our internship program. Information about our internship may be found here:

<https://www.casahope.org/hands-of-hope-internship>

I am writing with the hope that you may be able to share information about this internship opportunity with students in your department in the hopes that they may be interested in pursuing a service internship with our agency after graduation.

Interns in our program gain valuable experience that can be relevant to a number of fields and future career goals while simultaneously making a meaningful difference in the lives of a vulnerable group of children.

Thank you and please let me know if you should need more information.
