Parking:

Plan to park in the Harrison Street Parking Garage that is attached to Lyles-Porter Hall.

Pull in and take a ticket. Make sure and bring this ticket with you so we can validate your parking. You may need to report the make and model of your car with the SLHS Clinic check in.

There are reserve parking spots that have SLHS Clinic and Research Guests only signs. These are located on the first floor. If one of these spots are open, you are welcome to park there. If none are available, park in any open spot that doesn't have a sign posted that the space is reserved. Go through the double doors into Lyles-Porter Hall. Follow that hallway down to the open stairs and we will meet you there.
