

Purdue Master Gardeners... Growing Through Leadership

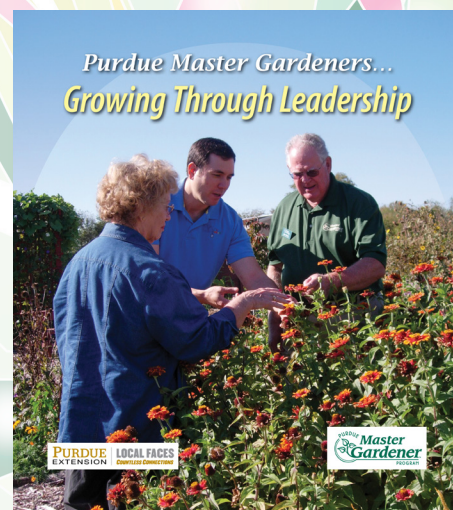

As a certified Purdue Master Gardener, you've learned about gardening and home horticulture and teach those subjects in your community.

*Now's the time to take the next step—
Learn to be a leader.*

In five weeks of training you'll learn about:

- ▶ *Your own personality type and those of others.*
- ▶ *The nature of leadership and how to communicate.*
- ▶ *Working with others and managing conflict.*
- ▶ *Running effective meetings and leading groups.*

Complement your horticultural knowledge with the skills and confidence that will take you to the next level—leadership to help your organization, community, or county grow.
