Presented by

Elysia Rodgers & Brooke  
Stefancik, Purdue Extension

While all plants may appear to be able to be eaten by our livestock, some plants contain dangers to our animal's health. Join Elysia Rodgers and Brooke Stefancik, Purdue Ag and Natural Resource Educators, as they share about some of the toxic plants and their dangers found commonly across Indiana.

For questions or if you need a reasonable accommodations to participate, please contact Jenna Nees at 765-653-8411, or e-mail [smith535@purdue.edu](mailto:smith535@purdue.edu).

Purdue University is an equal opportunity/equal access/affirmative action institution
