CANDID

Spread the smiles with new low-cost options

<Anthem> dental plans are all about giving members choice, convenience and value. That's why we've partnered with Candid to give them a new choice for teeth straightening. Members with orthodontia coverage now have access to clear orthodontic aligners at home, which cost significantly less than conventional braces.¹

Members can get a confident smile at a lower cost

As part of this exclusive at home benefit, members can look forward to:

- Working with a licensed orthodontist that will track their progress with scans taken from home with their phone
- At home impression kit
- A free retainer following completion of their treatment
- Free premier teeth whitening

Why Candid?

Candid only uses licensed orthodontists, not general dentists to administer care.

Candid orthodontists provide careful, conservative treatment with close attention to detail.

It all starts with the diagnostic process. Candid requires eight photos of your face and teeth, the American Board of Orthodontics standard of care.. Along with Poly-vinyl Siloxane (PVS) for highly accurate impressions, and at home or in-person digital scans at one of our Candid Studio locations near you.

Plus, we ask for more details about your dental and medical history in our consent form than many of our competitors do.

Here's how much members might save.

With Candid, qualified members may potentially see significant savings and convenience.

Plus, a straighter, brighter smile may give members more reason to enjoy their employer-sponsored benefits.

Candid cost	\$2,400
Anthem network discount	\$200
Dental plan pays (if orthodontic coverage is 50%)*	\$1,000
Members could only pay	\$1,200

Contact your broker, Anthem representative or visit www.candidco.com for more information.
