

Rx Rewards

Get \$100 for making a simple change to your prescription.

Rx Savings Solutions is connected to your Purdue University health plan to help find you the most affordable medications covered by your insurance. Our Rx Rewards program offers a \$100 VISA® Prepaid Card for switching to alternatives that are equally effective as your current prescriptions but have a lower overall cost.

What is Rx Rewards?

This program is all about reducing overall healthcare costs—for you and your health plan. Sometimes Rx Savings Solutions finds other options for your prescriptions that may cost you the same amount but end up saving your health plan. If that's the case, you're eligible to receive a \$100 Rx Rewards VISA® Prepaid Card for making the switch. It's a win-win for everyone.

How it Works

Know Your Options

We contact you anytime you have an Rx Rewards offer waiting for you.

Make a Switch

We'll work with your doctor to get approval and take care of every detail.

Receive \$100

Your Rx Rewards card will be mailed to you once your new prescription is filled.

Frequently Asked Questions

Check out these commonly asked questions to learn more about the Rx Rewards program. For more information visit myrxss.com.

Where can I use my Rx Rewards card?

You can use your Rx Rewards card at drug stores, pharmacies, grocery stores, supermarkets and wholesale clubs.

Does my Rx Reward card ever expire?

Yes. Any funds on your Rx Rewards card will expire one year from when they are issued. The account will revert back to \$0.00 balance.

Do I get an Rx Rewards card anytime I switch to a lower-cost prescription?

No. Not every savings opportunity we find will be eligible for the Rx Rewards program. There may be times when we find a more affordable prescription option that will lower your out-of-pocket expenses but won't come with an Rx Reward.

Are there tax implications?

No. Rx Rewards are exempt from tax withholding according to the Internal Revenue Service.

I have a Medicare health plan. Do I still qualify for Rx Rewards?

No. Medicare members are excluded from this program due to regulations from the Centers for Medicare & Medicaid Services.

Who is PayForward?

PayForward is an independent company that we've chosen to administer the Rx Rewards VISA® Prepaid Card program on our behalf. Contact PayForward Member Services at 844-944-9273 if you have any questions or problems with your Rx Rewards card, or if you lose your card and need a replacement.
