What’s an HSA?

Health Savings Accounts are tax-advantaged medical savings accounts available to United States taxpayers who are enrolled in a High Deductible Health Plan (HDHP)

1. Unique savings account
   Use it for medical expenses not covered by your insurance.

2. Retirement account
   Your HSA is like a retirement plan with added benefits.
Who can open an HSA?

- You must be covered under a qualifying high-deductible health plan (HDHP) on the first day of the month.

1. Not covered by another type of health plan, including Medicare

2. Not covered by TRICARE

3. Not covered by Indian Health Services

4. Not receive medical benefits from the VA for non-service-connected disabilities in the previous three months*

5. Not claimed as a dependent on another person’s tax return (except spouse’s)

6. Not covered under a general-purpose healthcare FSA or HRA

*Title 38 of the United States Code, Section 101(17) defines "non-service-connected" as, with respect to disability, that such disability was not incurred or aggravated in line of duty in the active military, naval, or air service.
How it works

Must have an HDHP

*Deductibles, co-payments, and other amounts (but no premiums)*
Excess Contributions

If employees contribute more than the IRS maximum:

- They must fill out the Excess Contribution Removal Form to process removal.

The deadline to remove the excess and avoid IRS penalties is the tax filing deadline, including extensions.

The excess removal will not change the employees’ 5498-SA.
How to pay with your HSA

Debit card

Online bill pay

Reimburse yourself for qualified expenses paid out of pocket after account opening.
What can an HSA do for YOU?
A healthy 65-year-old couple can expect over $600,000 in future lifetime healthcare costs.

Pay less in taxes

1. You don’t pay federal taxes on contributions to your HSA.*

2. Earnings to your HSA from interest and investments are tax free.

3. You don’t pay taxes on distributions when used for qualified medical expenses.

*Earnings are exempt from federal taxes. Most states do not tax HSA earnings. However, state tax treatment varies. Please consult with a tax advisor or the state department of revenue for more information.
Boost your retirement savings

After age 65, you can use your savings for any purpose without a penalty.

Take advantage of investment options.*

Like a 403(b), your HSA helps you keep more of your own money when you retire.

*Investment accounts are not FDIC insured and they are not bank guaranteed. Investment accounts are not a deposit account, or an obligation of HSA Bank, and they may lose value. They are not guaranteed by any federal government agency. Only funds above $1,000 in your HSA cash account can be transferred to your investment account.
Making the most of your HSA

1. Contribute up to the IRS limit.
2. Try not to use your HSA when you can pay out of pocket.
3. Schedule recurring contributions.
4. Take advantage of incentives from your employer.
5. Treat your HSA like a retirement account.
Ok, so I should consider investing my Health Savings Account. What do I need to know?

Your HSA investment earnings grow without being taxed. If you use the funds to pay for eligible healthcare expenses, distributions are also tax free.*

You can move your HSA investment funds back into your HSA cash account at any time to pay for IRS-qualified healthcare expenses.

You may need to keep a minimum balance in your HSA Bank cash account in order to begin investing.

*Federal tax savings are available no matter where you live. However, HSAs may be subject to state taxes. Please consult your state department of revenue and/or your tax professional for tax-related questions. HSA Bank does not provide tax advice. Carefully consider the investment objectives, risks, charges, and expenses before investing. A prospectus contains this and other important information about an investment company. Read carefully before investing.

Schwab Health Savings Brokerage Account (HSBA) is offered through Charles Schwab & Co., Inc. (Member SIPC), a registered broker/dealer, which also provides other brokerage and custody services to its customers. Devenir Mutual Fund Selection Option is provided by Devenir Group LLC, a Registered Investment Advisor that selects and monitors the performance of the mutual fund lineup. HSA Bank, Charles Schwab & Co., Inc., and Devenir Group, LLC are not affiliated and not responsible for the products and services provided by the other. Self-directed investing is the responsibility of the account owner. Neither HSA Bank, Schwab nor Devenir can provide investment advice to you. We recommend you speak with a licensed investment advisor or consult the prospectus should you have questions about any investment. Your ability to replace losses in the investment account may be limited by the annual contribution limits of your HSA.
