Beware of Social Security Phone Scams

Securing today and tomorrow

Telephone scammers are pretending to be government employees. They may threaten you and may demand immediate payment to avoid arrest or other legal action. Do not be fooled!

If you receive a suspicious call:

1. **HANG UP!**
2. **DO NOT GIVE THEM MONEY OR PERSONAL INFORMATION!**
3. **REPORT THE SCAM AT [OIG.SSA.GOV](https://oig.ssa.gov)**

What to look out for

The caller says there is a **problem** with your Social Security number or account.

Scammers **pretend** they're from Social Security or another government agency. Caller ID or documents sent by email may look official but **they are not**.

Any call asking you to pay a fine or debt with retail gift cards, cash, wire transfers, or pre-paid debit cards.

Callers threaten you with arrest or other legal action.

Be Alert

Social Security may call you in some situations but will **never**:

- » Threaten you
- » Suspend your Social Security Number
- » Demand immediate payment from you
- » Require payment by cash, gift card, pre-paid debit card, or wire transfer

Be Active

Protect yourself and your friends and family!

- » If you receive a questionable call, just hang up and report the call at oig.ssa.gov
- » Learn more at oig.ssa.gov/scam
- » Share this information with others

How You Qualify for Benefits

- You need to work to earn Social Security “credits”
- Each \$1,510 in earnings gives you one credit
- You can earn a maximum of 4 credits per year

Example: To earn 4 credits in 2022, you must earn at least **\$6,040**. Earning 40 credits (10 years of work) throughout your working life will qualify you for a retirement benefit.

How Social Security Determines Your Benefit

Social Security benefits are based on your lifetime earnings

- **Step 1** –We adjust or “index” your actual earnings to account for changes in average wages over time
- **Step 2** –We find your average indexed monthly earnings using the 35 years in which you earned the most (do not need to be consecutive and do not need to be most recent)
- **Step 3** –We apply a formula to your “average indexed monthly earnings” and arrive at your basic benefit or primary insurance amount

Your Age at the Time You Elect Retirement Benefits Affects the Amount

Year of Birth	Full Retirement Age	% at age 62	% at age 70
1943-1954	66	75.0%	132.00%
1955	66 + 2 months	74.2%	130.67%
1956	66 + 4 months	73.3%	129.33%
1957	66 + 6 months	72.5%	128.00%
1958	66 + 8 months	71.7%	126.67%
1959	66 + 10 months	70.8%	125.33%
1960 or later	67	70.0%	124.00%

If You're a Worker and Start Retirement Benefits

- At age 62, you get a permanent lower monthly payment
- At your full retirement age, you get your full benefit
- After your full retirement age, you get an even higher monthly payment for delaying

Retirement Estimator www.ssa.gov/benefits/retirement/estimator.html

Your Retirement Benefit Estimate

The age that you start your benefits determines how much you receive each month.

We created estimates for you at three common retirement ages using your earnings information. You can also add your own custom estimates by changing your stop work age and future earnings.

If you start your benefits:	And you earn an average of:	Your benefit will be about:
At age 65	\$45,000 a year (from now until age 65)	\$1,434 a month
At full retirement (age 67)	\$40,000 a year (from now until full retirement)	\$1,525 a month
At age 70	\$40,000 a year (from now until age 70)	\$1,891 a month
At age 62	\$40,000 a year (from now until age 62)	\$1,040 a month

- Convenient, secure, and quick financial planning tool
- Immediate and accurate benefit estimates
- Lets you create "What if" scenarios based on different ages and earnings

Special Payments After Retirement

Bonuses, Vacation Pay, Commissions, Sick Pay,
Insurance Commissions, Carryover Crops, and Other Special Payments

What are “special payments”?

After you retire, you may receive payments for work you did before you started getting Social Security benefits. Usually, those payments will not affect your Social Security benefit if they are for work done before you retired. This fact sheet describes some of the more common types of special payments, helps you to decide if you received any, and tells you what steps to take if you did.

What qualifies as a special payment?

If you worked for wages, income received after retirement counts as a special payment. This applies if the last task you did to earn the payment was completed before you stopped working. Some special payments to employees include bonuses, accumulated vacation or sick pay, severance pay, back pay, standby pay, sales commissions, and retirement payments. Another example of a special payment is deferred compensation reported on a W-2 form for one year, but earned in a previous year.

How do earnings limits affect benefits?

If a person who gets Social Security retirement benefits is younger than their full retirement age, there are limits to how much they can earn from work before it affects their benefits. Your full retirement age varies based on the year you were born. You can visit www.ssa.gov/benefits/retirement/planner/ageincrease.html to find your full retirement age. We reduce benefits, if earnings exceed certain limits.

- If you are younger than your full retirement age, we deduct \$1 in benefits for each \$2 you earn above the earnings limit. In 2022, the limit is \$19,560.
- In the year you reach your full retirement age, we reduce your benefits \$1 for every \$3 you earn above the earnings limit. In 2022, the limit is \$51,960.
- Starting with the month you reach full retirement age, you can get your full benefits no matter how much money you earn.

How to Get Help from Social Security

Social Security is here to help. We want you to know how to get the service you need and to be prepared so we can help you as quickly and safely as possible.

Go online to SSA.gov. Our website is the best way for most people to get help.

➔

If you cannot use our website call our National 800 Number (1-800-772-1213) or your local Social Security office for help.

➔

We will schedule an appointment for you, if necessary, to serve you by phone or in person.

What to Know if You Must Visit an Office:

- **You must have an appointment** to visit an office.
- **Masks are required** for all office visitors and employees, regardless of vaccination status.
- **Visitor capacity is limited** to follow physical distancing requirements. This means **you may need to wait outside**, so plan for cold or bad weather.
- We ask that you **come alone unless you require help with your visit**. If you require help, we can only permit one person to accompany you.

We appreciate your patience and understanding.

28

Medicare Enrollment Periods

When does my enrollment in Part B become effective?

If you accept the automatic enrollment in Medicare Part B, or if you enroll during the first three months of your **initial enrollment period**, your coverage will start with the month you're first eligible. If you enroll during the last four months, your coverage will start from one to three months after you enroll. The following chart shows when your Medicare Part B becomes effective:

If you enroll in this month of your initial enrollment period:	Then your Part B Medicare coverage starts:
One to three months before you reach age 65	The month you reach age 65
The month you reach age 65	One month after the month you reach age 65
One month after you reach age 65	Two months after the month of enrollment
Two or three months after you reach age 65	Three months after the month of enrollment

29

Medicare Enrollment Periods

Special enrollment period for people covered under an employer group health plan

If you're 65 or older and covered under a group health plan, either from your own or your spouse's **current employment**, you may have a "special enrollment period" in which to sign up for Medicare Part B. This means that you may delay enrolling in Medicare Part B without having to wait for a general enrollment period and paying the penalty for late enrollment. There are limits, so we strongly advise you to contact the Centers for Medicare & Medicaid Services (CMS) for more information.

The rules allow you to:

- Enroll in Medicare Part B any time while you have a group health plan based on current employment; or
- Enroll in Medicare Part B during the eight-month period that begins the month after the employment ends or the group health coverage ends, whichever happens first.

NOTE: You can't enroll using a special enrollment period if your employment or the employer-provided group health plan coverage ends during your initial enrollment period. ³⁰

30

Medicare Enrollment Periods

General enrollment period for Part B

If you don't enroll in Medicare Part B during your initial enrollment period, you have another chance each year to sign up during a "general enrollment period" from January 1 through March 31. Your coverage begins on July 1 of the year you enroll.

However, you may have to pay a late enrollment penalty for as long as you have Part B coverage. Your monthly premium will go up 10 percent for each 12-month period you were eligible for Part B, but didn't sign up for it.

If you have a Health Savings Account (HSA)

If you have an HSA when you sign up for Medicare, you can't contribute to your HSA once your Medicare coverage begins. If you contribute to your HSA after your Medicare coverage starts, you may have to pay a tax penalty. If you'd like to continue contributing to your HSA, you shouldn't apply for Medicare, Social Security, or Railroad Retirement Board (RRB) benefits.

NOTE: Premium-free Part A coverage begins six months before the date you apply for Medicare (or Social Security/RRB benefits), but no earlier than the first month you were eligible for Medicare. To avoid a tax penalty, you should stop contributing to your HSA at least six months before you apply for Medicare.

31

31

Medicare Enrollment Periods

If you have health care protection from other plans

If you have **TRICARE** (insurance for active-duty, military retirees, and their families), your health benefits can change or end when you become eligible for Medicare. This applies for any reason, regardless of age or place of residence. If you're retired from the military or are a military retiree's family member, you must enroll in Part A and Part B when first eligible to keep TRICARE coverage. You can find a military health benefits adviser at <https://milconnect.dmdc.osd.mil>, or call the Defense Manpower Data Center, toll-free at **1-800-538-9552** before you decide whether to enroll in Medicare medical insurance (Part B).

If you have health care protection from the Indian Health Service, Department of Veterans Affairs, or a state medical assistance program, contact those offices to help you decide if it's to your advantage to have Medicare Part B.

IMPORTANT: If you have VA coverage and don't enroll in Part B when you're first eligible, you may have to pay a late enrollment penalty for as long as you have Part B coverage. Also, you may have to wait to enroll, which will delay this coverage.
