Because **social connections** are important, the Healthy Boiler program promotes opportunities that bring people together.

This happens in a variety of ways—through wellness programs, at our on-campus workout facilities, or in one of our cultural, leadership or faculty centers. Wherever it takes place, the goal is the same: contributing to individual and collective well-being through social togetherness.

**SHARING HEALTHY LIFESTYLE GOALS**

A great way to bond with others and make connections is by sharing health and wellness goals. At Purdue, we encourage employees to come together to support one another.
