

In-Network Behavioral Health Referrals

Purdue University strives to provide high-quality, affordable healthcare resources, including behavioral health / mental health resources, to our employees. In an effort to help employees find the best care at the most cost-effective prices based on Purdue's medical plans, Human Resources is providing the resources below to assist you and your family with behavioral health needs you may have.

These providers are either tier 1 (HealthSync providers) or tier 2 (in-network providers).

West Lafayette

[SupportLinc Employee Assistance Program \(EAP\)](#)

Available 24/7 via multiple access points. You can choose how to get the assistance you need:

- In-the-moment support – Reach a licensed clinician by phone 24/7/365 at 888-881-5462.
- Web portal – A one-stop shop for accessing resources, referrals, expert consultations and much more, including an orientation video, savings center, mindfulness toolkit, resilience toolkit, wellbeing place and more. Log in to the SupportLinc website at <https://www.supportlinc.com/> with username purdue.
- Mobile app – [The SupportLinc eConnect®](#) mobile app allows you to talk or chat directly with a SupportLinc counselor or schedule a time for SupportLinc to call you.
- Text therapy – Exchange text messages, voicenotes and resources Monday – Friday with a licensed counselor for up to six weeks, through the [Textcoach®](#) mobile and desktop app.
- Animo – [Animo](#) is SupportLinc's personalized digital resource that strengthens mental health and overall well-being through a dynamic series of self-directed modules.
- Navigator – Take the guesswork out of emotional fitness. Click the Navigator icon on the web portal or mobile app, complete a short survey and receive personalized guidance for accessing program support and resources
