Time Off: Requesting, Editing, and Cancelling

The system will not allow you to request Time Off if you do not have, at the time that you are submitting the request, a sufficient balance (of the leave type you've chosen) to cover the request.

Time Off: Requesting

From the **Time Off** screen, click **New Absence**.

1. Click on the **Time Type** dropdown to select the desired leave type.
2. Enter or select from the calendar the **Start** and **End Date** for the leave request.
3. [If requesting recurring time off over several days – move to the next step.](#)
4. Enter the number of hours for the leave in the Requesting field.
 - Employees who do not clock in and out daily will request partial time off in hours and tenths.
 - *Example:* Seth would like to request vacation for half a day on Wednesday and all of Thursday and Friday. Seth must submit one request for the Wednesday half day and another for the full days, Thursday and Friday.
 - Employees who do clock in and out daily will request partial time off using exact hours in military time.
 - Employees who utilize Positive Duration or Webclock time entry are encouraged to wait until they have recorded their working time for the day on which they plan to request partial Time Off before submitting their Time Off request. This will avoid errors and need to re-submit requests if the amount of working time is more or less than expected.
5. Enter any information you would like to provide to your supervisor in the **Comments** text entry box.
6. Click the **+** (**Plus Sign**) to upload and attach any supporting documentation (*Example: Jury Duty summons, Military orders*)
7. Select **YES** in the FMLA dropdown field to request FMLA and provide the Case
