We are looking for enthusiastic faculty, staff, and retirees to join the 2009-2010 WorkLife Programs Ambassador team. Please complete the application and return it by mail to WorkLife Programs.

Applications are due on April 1, 2009. Finalists will be selected based on application responses and will be scheduled for an informal interview during the months of April and May.

Participating as a WorkLife Programs Ambassador has been a great learning experience for me. I have met people from different departments, and we have worked together to improve wellness in our own areas. The employee dedication to wellness is evident in each of the people on this committee. The staff that we work with as ambassadors are inspiring and dedicated to making this the best program. They always listen to our ideas and suggestions.

Worklife Programs Ambassador Application

Thank you for your interest in being a WorkLife Programs Ambassador. WorkLife Programs Ambassadors are faculty, staff, and retiree volunteers who act as both catalysts for change and champions of WorkLife Programs. They provide opportunities for Purdue University colleagues to increase their energy level, enjoy more productive workdays, and ultimately feel better about themselves. For more information, please visit our Web site at www.purdue.edu/worklife.

To apply, please complete this application and send to: HRS WorkLife Programs, PWF by April 1, 2009.

Step One: Verify Openings
Please visit www.purdue.edu/worklife to check for openings in your area of representation.

Step Two: Department Approval (faculty and staff only)
A minimum time commitment for serving as a WorkLife Programs Ambassador is eight to 10 hours per semester. Ambassadors may spend more time depending on their commitment level.

I have discussed my potential involvement as an ambassador with my immediate supervisor and/or department head and have received his/her approval.

Being a WorkLife Programs Ambassador has taught me about the limitless health resources available on campus. I then can share this knowledge with my co-workers and find creative and fun ways to use them! It’s a great way to make connections on campus and feel like you’re part of a team to make Purdue a healthier place. It’s a big reward for a small amount of invested time.
