## Swallowing and Speech Study

### Seeking native speakers of American English

- **We are looking for native speakers of American English (18-45 years of age)** to participate in a study on how well speech of children is understood
- **If you qualify:**
  - **You will receive a free hearing screening**
  - **You will listen to speech samples of children and tell us what you understood**
  - **Total time commitment: 1 hour**
- Eligible participants will receive \$5

#### **For more information please contact:**
