

Quick facts on the LTAP MS4 Training Modules...

Module 8: Self-Monitoring Program & The Project Management Log

THE CONSTRUCTION MODULE TRAINING SERIES

To assist MS4 entities meet IDEM MS4 General Permit training requirements, LTAP has developed a series of MS4 Training Modules that cover the Construction Site Stormwater Runoff MCM of the IDEM MS4 General Permit (Section 4.5). Twelve modules have been created as part of the Construction Program Training series. These training resources are available at no cost to the user and are available on-demand via the LTAP website: www.purdue.edu/intlap/

MODULE 1: CONSTRUCTION PROGRAM OVERVIEW

MODULE 2: CONSTRUCTION PROJECTS OVERVIEW

MODULE 3: KEY COMPONENTS OF MS4 CONSTRUCTION PROGRAMS

MODULE 4: ORDINANCE & TECHNICAL STANDARDS

MODULE 5: STORMWATER POLLUTION PREVENTION PLANS

MODULE 6: PART 1: CONSTRUCTION BEST MANAGEMENT PRACTICES

MODULE 7: PART 2: CONSTRUCTION STRUCTURAL BEST MANAGEMENT PRACTICES

MODULE 8: SELF-MONITORING PROGRAM & THE PROJECT MANAGEMENT LOG

MODULE 9: VIRTUAL INSPECTION

MODULE 10: INSPECTIONS & ENFORCEMENT FOR MS4 INSPECTORS

MODULE 11: CONCLUDING A CONSTRUCTION PROJECT

MODULE 12: CONSTRUCTION STORMWATER WORKFORCE

Construction Program Training

Module 8: Self Monitoring Program & The Project Management Log

PURDUE
UNIVERSITY

Local Technical Assistance Program

To ensure construction stormwater practices are functioning properly, being maintained correctly, and are adequate for current project site conditions, regular site evaluations must occur throughout the duration of the construction project. Related documentation must also be maintained. Module 8 is intended for a general construction stormwater audience, but may be especially beneficial for individuals conducting self monitoring inspections and stormwater pollution prevention plan (SWPPP) implementation.

Module 8 covers the Self-Monitoring Program (SMP), including inspection frequency, inspector responsibilities, and the purpose of the SMP. The module also outlines the Project Management Log (PML), detailing SWPPP updates, off-site material locations, compliance documentation, and various implementation options.

Learning Objectives of Training Module 8:

1. Understand what a self-monitoring program is and why it is important.
2. Identify the regulatory requirements associated with the self-monitoring program.
3. Demonstrate how a form is completed and common inspection findings.
