## ☐ Adding Video to your Brightspace Course

Using Kaltura, you can easily add videos to your course.  You can record a quick introductory video, post recordings of live course sessions, or upload short lessons for your students.

✔ Inside your course, browse to the module where the video belongs.

✔ Click **Existing Activities**, and select **Add Kaltura Media**:

✔ Click the **plus icon** to add or create a new video, or click the **Embed** button to post an existing video in the module:
