

How to Make Your Study Abroad Deposit Online

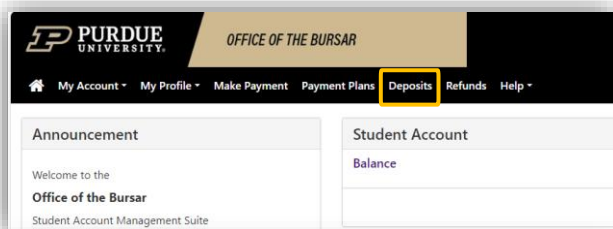

You or a family member that is an authorized payer on your student account may pay the study abroad deposit online. To do so, please follow the instructions below and then **upload your receipt of payment along with the signed Participation Policy to your My Study Abroad page.**

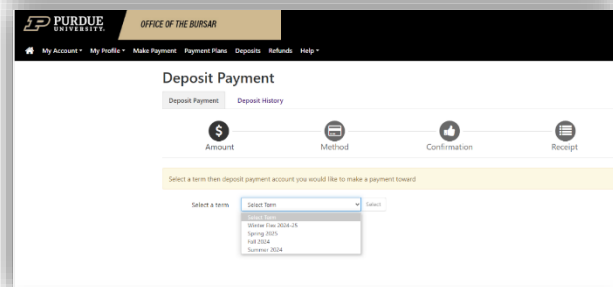

Step 1: Log into MyPurdue to get to TouchNet. You will see a “View My Tuition Balance/Payment Plan” under the “Student Account” header that logs you into TouchNet.

Note: You may need to scroll to find this header/card. Authorized Users should log in as they normally would to pay a bill for their student.

The page below is what Authorized Users see after login since they do not go through MyPurdue.

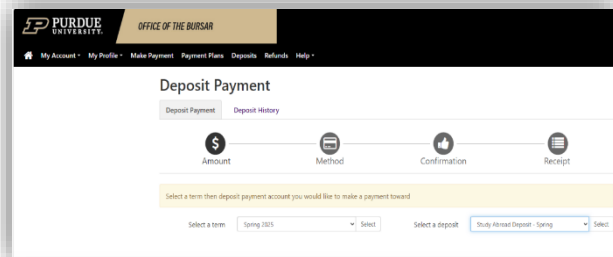

Step 2: The payer should click the Deposits link in the toolbar.

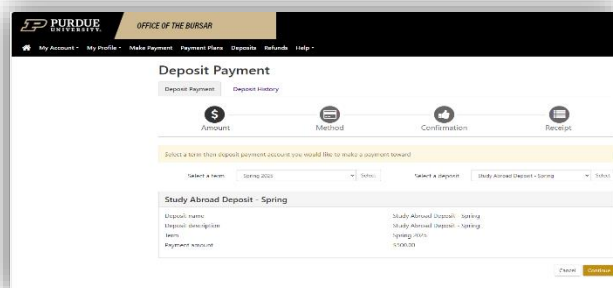

Step 3: The semesters available are in the “Select Term” drop down box. **IMPORTANT:** Select the semester you or your student will study abroad, NOT the current semester.

Pick the appropriate semester, and then click the “Select” button.

Step 4: There will be multiple deposit choices. You need to select “Study Abroad Deposit”.

Step 5: The next step shows the amount of the deposit, which is \$500. To start making the payment, click the “Continue” button.

Step 6: Select payment method. This is the same as a regular payment for tuition/fees. Select the method of payment (a previously saved bank account number shown by its nickname, new electronic check, or credit card via PayPath) and then follow the instructions on the page.

Note: the following information details the different payment options, if you are familiar with these steps you may skip to the last page of instructions for the final step.

To pay by electronic check

Previously saved bank account numbers (personal checking or savings) do not require any bank information at the time of the payment. You and/or an authorized user may save account information, but it is only available on the login where the information was saved. It is not required to save bank account information, and many users choose not to do so.

Any previously saved bank account number is shown in the drop-down box by the name the user entered. In this example, "test check" is a previously saved bank account number.

"New Electronic Check" requires the bank's routing number and bank account number – **not the number on the front of a debit card.**

"Name on account" is the person's name on the account at the bank. If you are not sure what the routing number or account number is, you should ask your bank how to enter the information entered for an ACH withdrawal.

To pay by credit card

The Credit Card through PayPath® payment method has a convenience fee of 2.75%. This information is displayed three times before the payment is finalized.

The first two warnings about additional fee are before credit card information is entered.

Payment Amount Information

In addition to the amount paid to Purdue University Main Campus, a non-refundable PayPath Payment Service fee of 2.75% will be added to your payment with a Minimum charge of \$5.00.

Deposit amount: \$500.00
