• **BoilerConnect** – Sheila Hurt
  - BoilerConnect now has a link from myPurdue in the advising tab under “tools”. Students can access BoilerConnect through their myPurdue under their student life at Purdue tab-student services.
  - Working on issue of group appointments where others can see the names of everyone in the group.
  - Can select advising, career, tutoring, student life(orgs) for appointment options.
  - Coming Dec 17-editing your own notes and being able to use Rich text like bold, italic, etc. and should be able to include hyperlinks.
  - If students forward their PU email to another account and then reply from that account, the email is currently going nowhere and they believe we get it but we do not. In the future they will get a bounce back if they are responding from their forwarded email.
  - There will be no more email reminders or the text email alerts in the future. You will still get the appointment reminders.
  - Appointment reminders will now be 24 hours in advance instead of 1am so students with early morning appointments get it before the evening.
  - Foreign Language test results will be in BoilerConnect notes soon.
  - Hoping to be able to link to MPP worksheet from BoilerConnect and one to myPurdue page. Looking for feedback on what page that should be-transcript, concise schedule, etc?
  - Students with advisor role have limits as to what they can see. They do not have the same access as us.

• **Summer**- John Gipson
  - 700 Unique courses were offered-302 online
  - 65% are 100 & 200 level courses
  - Summer priority registration begins 1/28
  - Summer schedule posts 12/10
  - 261 guaranteed summer courses
