1 Curb Access Ramps

1.1 Cast iron inserts are preferred for detectable and visual warning. Ramps shall meet all current federal and state ADA requirements.

2 Curbs and Gutters

2.1 On campus, use an integral curb and gutter section.

2.2 Straight INDOT type curb sections shall be used adjacent to arterial West Lafayette streets on campus.

2.3 Dowell new curb and gutter to adjacent existing curbs to prevent settlement. Use 2 - #4 rebar for reinforcing
