

General Tips on Application Services

- You will have a password and can enter the site and work on it over time. Edit carefully and read and follow all directions.
- Not all of the systems respond well to cutting and pasting—especially from MS Word. Make sure you read the instructions about whether you can cut and paste and if so from which programs.
- Give yourself plenty of time to complete the application.
- Print and save a copy of the application—you will want to read through it before your interviews.
- Be honest about everything in your application.
- Plan to write several drafts of your personal statement.
- For programs using application services through Liaison, on the login page for the application service, at the very bottom left of the page you will find a “Help Center.” This is actually the instructions for the application.

Field/Application Service Link	Application Service	Date Opens
Physician Assistant https://help.liaisonedu.com/CASPA_Applicant_Help_Center	CASPA	April
