First Destination Survey – for Spring 2019 and Summer 2019 Graduates

Purdue Boilermakers go on to do amazing things after they graduate and we know you are no exception. Whether you have secured employment, are still job searching, have been accepted into a graduate/professional program, or have not yet made your final decision, we want to know your plans. Complete the survey [here](#). Questions or problems completing the survey? Email calcock@purdue.edu.

IU Robert H. McKinney School of Law Summer Law and Leadership Academy

The Robert H. McKinney School of Law Summer Law and Leadership Academy is a one-week experience designed to introduce undergraduate students from historically underrepresented backgrounds to law school and various careers that they may pursue with a law degree. If you are selected for the Law and Leadership Academy, you will learn about hot topics in the law and strengthen your academic skills. More information is [here](#), and application materials are available at the [website](#). Applications are due April 5, 2019.

Duke Law D.C. Summer Institute on Law and Policy

Course offerings in the [2019 Duke Law D.C. Summer Institute on Law and Policy](#) focus on topics important to future law students and lawyers in fields that require mastery of constitutional, statutory, and regulatory law and policymaking. The two sessions this summer are **July 8-18, 2019**, and **July 22-August 1, 2019**. Each course is designed to provide an accessible introduction to the pertinent legal and policy subject matter. Those who are potentially interested in attending law school, or who otherwise seek greater familiarity with the legal framework in a particular field, are especially encouraged to enroll.

Midwestern University Chicago College of Optometry Summer Eye Experience

During the SEE at CCO program students will attend workshops tailored specifically for those interested in pursuing a future in optometry. Sessions will be offered to help prepare the student's application portfolio for admission, and classes will provide a glimpse into the day of an optometry student. Students will also attend hands-on laboratories where they will learn basic optometric skills. The SEE at CCO program will be held Monday, August 12, 2019 through Wednesday, August 14, 2019, 8:00am – 5:00pm. For more information and to apply, [visit the website](#).

2019 Letter of Recommendation Service

Pre-Professional Advising offers a letter service for applicants to medical or dental school. We collect recommendation letters and submit a letter packet to the application service. We maintain the letters on file for five years should you need to reapply. If you are applying to medical or dental school in summer of 2019 to begin a program in fall 2020, now is the time to sign up for the letter service. To sign up, complete the survey at this link: <https://tinyurl.com/2019LetterService>. Once you have completed the survey, we will send you a confirmation email that includes a handout to give to your letter writers and instructions you must follow to complete the Letters of Evaluation section of your online application once it opens in the spring.

If you are an applicant to another health field such as physician assistant, physical therapy, occupational therapy, podiatry, optometry, etc. we cannot collect or submit letters of evaluation on your behalf. Follow the directions in your application portal to enter names of letter writers who will submit their letters directly to the portal. Pre-Professional Advising has created a handout, *Requesting Letters of Evaluation*, to help guide you through the process of requesting letters and a handout you can give to your letter writers, *Pre-Health Letter of Evaluation Writer's Guide*. Email preprofessional@purdue.edu or schedule an appointment with us for a copy of these guides.

If you wish to unsubscribe from the Pre-Professional Advising listserv, please send an email to preprofessional@purdue.edu with "Unsubscribe" in the Subject line.
