

The following disclosure is applicable to the following face-to-face licensure programs offered within the College of Health and Human Sciences at Purdue University West Lafayette:

## Doctor of Audiology (AuD), Master of Science in Speech Language Pathology (MS-SLP)

The above programs at Purdue University are accredited by the [Council on Academic Accreditation](#) (CAA), and therefore meet the educational requirements for a majority of the U.S. states and territories. Notable exceptions include:

- Florida: Requires a course on HIV and acquired immune deficiency syndrome
- Georgia: Recency of study must be demonstrated via two Continuing Education Units (CEUs) within two years preceding application
- Puerto Rico: Meets all educational requirements but has a residency requirement
- U.S. Virgin Islands: Practitioners must obtain a business license from the [Department of Licensing and Consumer Affairs](#)
- Washington: Completion of four clock hours in AIDS education and training

For more information on state specific requirements students should consult [this list](#) of state-by-state regulations created by the American Speech-Language-Hearing Association (ASHA).

Please note that jurisdiction licensure or certification requirements may be affected by other factors such as teaching experience, testing requirements, and coursework. It is important to understand that the out-of-state requirements can change with little to no warning. Students seeking licensure or certification in another state should inquire directly to the jurisdiction where employment is desired.
