

# SMART PLAN (FORMERLY EDUNAV)

# TARGET CREDIT HOURS

## Overview

At the top of each planning term two credit numbers are listed: the number of credits currently being planned/the target credit hours. Target Credit Hours are the total number of credit hours for each term that Smart Plan will try to fulfill when planning.

## How To Use

To change the target credits for any given term, click the **blue hyperlinked number** and type the number of credits you'd prefer to take.

The screenshot displays the 'What is next?' planning interface with three columns for Spring 2024, Summer, and Fall 2024. A modal window is open over the Summer column, allowing the user to change the 'Target credit' from 8 to 13. The modal includes an 'Apply to all terms' checkbox, 'Cancel', and 'Save' buttons. A large grey arrow points from the '13/15 CR' value in the Fall 2024 header to the 'Save' button in the modal.

Spring 2024	Summer	Fall 2024
12/15 CR		13/15 CR
