

# Undo Last Action

If your plan becomes invalid or you simply like to undo the last action you took in customizing your plan, simply click the **undo** button in the toolbar.

The screenshot shows a course planning interface. At the top, a toolbar contains buttons for 'Back', 'Save', 'TIMELINE', 'Clear', and an 'undo' button (represented by a curved arrow pointing left). The status is 'Valid' and there is a 'Validate Plan' button. Other options include 'Download', 'Requirements', and a progress bar.

On the left, a sidebar titled 'Completed Terms' lists several terms with '3 CR' and 'Registered' status, each with a 'CHANGE' button. A 'Show my schedule' link is at the top of this sidebar.

The main area is titled 'What is next?' and is divided into three columns for 'Spring 2024', 'Summer 2024', and 'Fall 2024'. Each column has an 'Add a course...' button and a list of courses with their credit hours and requirements.

- Spring 2024 (12/15 CR):**
  - COM 31800 (3 CR): Prin Of Persuasion, Multiple requirements
  - COM 25300 (3 CR): Intro To Public Rels, Communications Selective
