

myPurduePlan for Students – GPA Calculators

What are the GPA Calculators?

GPA Calculators: There are three types of *GPA calculators*:

- The **Graduation Calculator** allows students to enter the GPA they would like to have at graduation. The Graduation Calculator will show what GPA is needed to average over their remaining semesters to obtain the desired GPA at graduation.

FAQ				Print	
Student ID	Name	Degree	Major	Classification	Last Audit
<input type="text"/>	<input type="text"/>	BA	Political Science	Soph: 45 - 5	12/13/2012
<input type="button" value="Worksheets"/> <input type="button" value="Plans"/> <input type="button" value="GPA Calc"/>					
Graduation Calculator					
Term Calculator				Current GPA	<input type="text" value="3.10"/>
Advice Calculator				Credits Remaining	<input type="text"/>
				Credits Required	<input type="text"/>
				Desired GPA	<input type="text"/>
<input type="button" value="Calculate"/>					

- The **Term Calculator** will show students estimated cumulative GPA after filling in hypothetical grade information. By entering students current earned credits and GPA and placing the in-progress courses in the table (this all will default) along with the grade anticipated for current courses, they will see a revised cumulative GPA based on the estimates provided. (Current term courses automatically populate.)
