

# myPurduePlan for Students – What-if Worksheets

## How do I process a What-if worksheet?

**What-If worksheets** are used to process hypothetical degree worksheets for a student using their current class history. To access the What-If screen, click the What-If tab located on the worksheet page.

You can review your worksheet against the requirements for a different major, minor, concentration, degree, or catalog term (the term that you started at Purdue) on the **What-If worksheet** screen. To generate a **What-If worksheet**, select the requirements that you want to review.

When generating the requirement criteria for a **What-If worksheet**, it is important to make sure that only valid combinations are entered in the requirement selection criteria drop-down list boxes. **Note: The following data elements are required to ensure a complete worksheet is populated: Catalog Term, Level, Degree, College, and Major. You must change the information in each of these boxes in order to produce the What-If scenario you are seeking.**

Select your primary area of study

Catalog Term	Fall 2017	Major	Accounting
Level	Undergraduate	Concentration	(pick a Concentration)
Degree	Accounting-BS	Minor	(pick a Minor)
College	School of Management		

Click on the **Process What-If** button.
