Research results that are not intended for publication, such as those generated for military research or under a contract with publication restrictions, may require additional safekeeping.

Activities with certain countries can be limited, especially countries sanctioned or embargoed by the Office of Foreign Assets Control (OFAC).

More than just Customs! Before you ship an item outside the U.S., contact us.

International travel requires special considerations. See www.purdue.edu/exportcontrols/travel for important resources before you leave.
