

## **Internal Preproposal for**

### **NSF - Directorate for Technology, Innovation and Partnerships (TIP) NSF Tech Accelerators Initiative (RFI)**

Briefly address the following in 1-2 pages:

- Both entity types should address the following:

- What gap (technical + commercialization) would your project address?
- Describe your team and their technical expertise and capabilities, including internal and external partners (if known).
- Existing institutional assets (faculty scale, infrastructure, partnerships)
- Alignment with institutional priorities (e.g., Computes, CHIPS, etc.)

- Tech Accelerator Operators should also address the following:

- Commercialization/translation capability
- Program management/operations
- What makes Purdue uniquely positioned to operate this Accelerator?

- CVs for the PI and up to four Co-PIs

Completed preproposal should be submitted in InfoReady (<https://purdue.infoready4.com/>)
