

PURDUE UNIVERSITY
College of Science
5th Semester Registration Permission
for
Undesignated Students

The faculty of the College of Science has determined that an "undesignated" student in the College of Science may not register for his/her 5th semester unless he/she is planning to follow a major course of study within the College of Science. The **ONLY** exception to this rule can occur if the form below is completed and signed by an advisor from the school/college into which the student plans to CODO, and is accompanied by the Suggested Course Selection Form.

The above exception should be made **ONLY** if the advisor of the college/school into which the student wishes to CODO believes that the student will likely meet the necessary GPA and course requirements to CODO at the end of the current semester. Should the proposed CODO not take place, no further registration privilege will be allowed for the student within the College of Science. The student, by university regulation, will then wait until grades post in the current semester to request a CODO. Once approved, advising and registration PIN for the subsequent semester will be provided by the new college/school.

This form is not a commitment to accept this student through the CODO process. It will only allow the student to register for one more semester while enrolled in the College of Science.

Full Student Name: _____

PUID: _____

Desired major/college/school: _____

Student will be eligible to CODO:

Fall **Spring** **Summer 20**_____

Advisor Signature: _____ date: _____

Advisor email: _____

Student Signature _____ date: _____

Student email: _____

Return this form with the completed Form 23 to your academic advisor in the College of Science.
