# Science Education - Earth, Atmospheric and Planetary Sciences Concentration College of Science 

## Program Progression Guides

Disclaimer: The 2022-2023 Purdue West Lafayette catalog is considered the source for academic and programmatic requirements for students entering programs during the Fall 2022, Spring 2023, and Summer 2023 semesters. The Program Progression Guide assists students in the development of an individualized 8-semester plan. Students are encouraged to use this guide, MyPurduePlan* (online degree auditing tool) and the Student Educational Planner (SEP) as they work with their academic advisor towards the completion of their degree requirements.
Notification: Each student is ultimately responsible for knowing, monitoring and completing all degree requirements.

An undergraduate degree in the College of Science requires completion of the following degree requirements.

[^0]The College of Science has suggested the following degree progression guide for the Science Education - Earth, Atmospheric and Planetary Sciences Concentration Degree. Students will work with their academic advisors to determine their best path to degree completion.
