ASHLYN ALLANSON

***Anthropology, minors in Organizational
Leadership, Law & Society***

BEST STUDENT EXPERIENCE

Taking some of the most fascinating classes I've ever had the ability to be part of.

MOST CHALLENGING

Working 10 hour night shifts while going to class during the day. I powered through being awake for 24 hours many times for a few semesters.

NEXT UP

I'm already there! I have accepted a job/promotion working for Amazon and am in my first month of my new role!

WORDS OF ADVICE

Everything is a skill that can be learned. If something seems tough now, learn it, figure it out, and eventually you'll laugh at how easy it came to you!
