CONGRATULATIONS 2020 GRADUATES!

SPAN PLAN CELEBRATES
PASSION, COURAGE, PERSISTENCE AND STUDENT SUCCESS

BLAKE WESLING

Computer & Information Technology

BEST STUDENT EXPERIENCE
Opening your mind to different perspectives. Making friends along the way.

MOST CHALLENGING
Managing all your school work while juggling all the responsibilities of adulthood. by communicating and working with your professors and other students, you can make things work.

NEXT UP
Heading to Cape Canaveral/Kennedy Space Center as a software engineer. If I can't be an astronaut, then I'll just build spaceships for astronauts!

WORDS OF ADVICE
You don't have to do everything on your own. Communicate with those around you and don't be afraid to open up to other students just because you are nontraditional. And be humble. Don't think you're better, smarter, or more mature than other students just because you are older!
