

# CONGRATULATIONS 2020 GRADUATES!

**SPAN PLAN CELEBRATES  
PASSION, COURAGE, PERSISTENCE AND STUDENT SUCCESS**

## ***BLAKE WESLING***

### ***Computer & Information Technology***

#### **BEST STUDENT EXPERIENCE**

Opening your mind to different perspectives. Making friends along the way.

#### **MOST CHALLENGING**

Managing all your school work while juggling all the responsibilities of adulthood. by communicating and working with your professors and other students, you can make things work.

#### **NEXT UP**

Heading to Cape Canaveral/Kennedy Space Center as a software engineer. If I can't be an astronaut, then I'll just build spaceships for astronauts!

#### **WORDS OF ADVICE**

You don't have to do everything on your own. Communicate with those around you and don't be afraid to open up to other students just because you are nontraditional. And be humble. Don't think you're better, smarter, or more mature than other students just because you are older!
